

Frosty our Snowman

Frosty our Snowman
Had a jolly happy grin
With a canopy scarf and a muffler nose
And two eyes made out of tin

Frosty our Snowman
Yes it is real snow!! we say
He is made of snow
But the "builders" know
It took lots of work and "play"

There must have been some magic
In that old trash can they found
For when they placed it on his head
Cars began to turn around

Frosty our Snowman
Was as big as he could be
And the salesmen say
Want a picture today??
We will give you one for free!

Frosty our Snowman
Knew he wouldn't be here 'til May
He said "Bring on the Snow"
Or I'll have to go
For soon I'll melt away

Down came the snowfall
Like a blanket on the ground
With a foot of snow, all around you know

It is fun to stomp around

We're here to help you clear your snow
We carry an awesome line
Stop by and check our snowthrows out
We know they work mighty fine

Frosty our Snowman
Will be gone from us someday
But as he waves goodbye
Now please don't cry
He'll be built again some day

Thumpety thump thump
Thumpety thump thump
Watch our snowthrows go
Thumpety thump thump
Thumpety thump thump
Moving the mounds of snow

From the Stoller Lawn & Garden crew
<http://www.stollerlawnandgarden.com/>

Here at Stoller Lawn & Garden we can do more than just build snowmen. With over 300 pieces of new and used equipment here including, but not limited to, lawnmowers, tractors, tillers, string trimmers, chainsaws, leaf blowers, edgers, engines, and go-karts, we are sure to have something for all your lawn and garden needs. Our main equipment lines are Ariens/Gravely, Great Dane, Scag, Jonsered, RedMax, Echo, Manco Go-Karts, Briggs & Stratton, Tecumseh, Kohler, and more. We also have a huge parts inventory. At last estimate we had over 50 different oil filters, 300 different belts, 400 different blades, and countless other parts in stock. Visit our website at <http://www.stollerlawnandgarden.com/> to browse through our new and used equipment inventory, order parts online, and find out about the latest events here at Stoller Lawn & Garden. Just a reminder, our annual open house is April 4 & 5, 2003. There will be free food, factory sales reps on hand, and the lowest prices of the year on all equipment.
